

CompareRad

The Radiotherapy & Radiology Equipment Comparison Site

www.CompareRad.com

New from
RadPro
CompareRad

With a hit rate in excess of one million per year and a dedicated international Radiotherapy and Radiology membership - CompareRad from RadPro allows users to request product information and pricing quickly and easily from a one stop web-shop. CompareRad also generates and delivers well-defined and qualified product leads or requests for information directly to registered businesses. Product user reviews and Comparerad Gold Star awards enable customers to more readily choose particular products and services.

Our successful and popular monthly e-newsletter is available for use by all partner companies, as well as an innovative digital product directory and company showcase increasing the hits to your website!
